

## **Captain Call's Training Progress**

**Updates from his trainer Rudy Lara, Jr.**

---

**5/13/17**

Working with Captain Call has been extremely fun and he's been such a pleasure to work with. Captain Call has a huge heart and has built a lot of trust with me. I am very lucky I was able to choose him and I also saw something special and him as I did with Jessie, my 2016 Gimme Shelter horse. Captain Call is always happy to work and please me as his rider. He has such a natural ability to learn new things in and is a very athletic horse. His mentality is what always amazes me, as he is very calm and very patient. I think it's happened again and I fell in love with him! So far we have gone to two clinics with Captain Call and he did great. I will be using him for the final two clinics before the competition as I've been using him to demonstrate our work and teaching students proper colt starting techniques. We will enjoy the rest of the 60 days or so we have together.
