

Trainer Update on Treasure from Dale Fastle

5/15/2017

Treasure is coming along great! I absolutely love working with her. She can be a little spooky but is smart about it. By this, I mean that when she gets startled she doesn't take off running or do anything crazy. She spooks briefly then stops to think. This is a great quality as it allows her to overcome her fears with relative ease.

She moves nicely off of my leg from a standstill, at a walk, and at a trot and hopefully will at a lope within the next several weeks. She has been on a couple trail rides and loves going through water. However, she does not like baths but is getting used to them. Pretty soon, she will be going to horse shows and clinics for extra practice! She loves to be pet and loves to please. She is smart and athletic. By the show, she should be well on her way to making someone an excellent horse.
