**About The Horse Shelter:** Celebrating our 24<sup>th</sup> year, The Horse Shelter serves as a sanctuary for New Mexico’s abandoned, abused, and neglected horses. Rescued horses will be rehabilitated and adopted out whenever possible to environments that support their well-being and future long-term care.

The Horse Shelter Ranch is located in Cerrillos, NM on a beautiful 128 acre ranch, with currently 90 rescue horses onsite and the total capacity of 100.

Shelter horses are housed in run-in stalls, large paddocks, and turn-outs. We maintain a healthy feeding regimen and provide veterinary and farrier care. We aim to exercise our horses when appropriate. We utilize our training program to get them ready for adoption to carefully screened new owners.

For some horses, The Horse Shelter will be a life-long sanctuary due to history, age, or medical condition.
